

Fibrasum Novum

Supplement for pigs

Find us on 

Fibrasum Novum: due to the combination of various MCFA-MG Fibrasum Novum ensures a very strong antimicrobial effect as well as it act bacteriostatic/bacterizidal against a broad spectrum of harmful bacterias.

▶ **Your advantages:**

- ✓ Reduction of MCFA odour = high palatability
- ✓ Stable, non corrosive, easy handling
- ✓ Decrease diarrhoea and inflammations in the gastrointestinal tract
- ✓ Decrease the application of medicines and decrease of pharmacological ZnO-dosage possible

▶ **Feeding recommendation:**

- ✓ 5 - 10 kg
